OUR TOWN BESSEMER

Free!
Take One!

Exciting Things Coming Soon To Bessemer!

Yes, that is right! The Spartan Committee and volunteers have met recently to begin to lay plans *for beautifying Bessemer one project at a time*. Bessemer is already a beautiful spot on the Gogebic Range with the bluffs and all, but we can do a little sprucing up to make it truly a beautiful and a great place to live.

Ideas Needed

We need some more IDEAS! What would you like to see beautified? What would be your vision for a particular spot? Would you be willing to help with just one spot? Write down your ideas and look for some special jars that are placed around town in our local stores and meeting places. Take the time to jot a note or two, and drop them in these jars. These jars will be available September 1st through September 20th.

Jar Locations

Jars will be located at Abelman's Clothing, Gogebic Range Bank, Jackson's LaPanetteria, BP Gas Station, Bessemer City Hall and Library, Gogebic County Federal Credit Union, Leather and Gift Shop, Dairy Queen, Kinda Kountry Kafe, Fairview Housing Office, Hillcrest Apartment Community Room, Steiger's Home Center, and Mill Street Gardens, and St. Vincent DePaul Store.

All the "ideas" will be placed in a drawing for a 25% gift certificate from a Bessemer business.

Comments may also be emailed to pjtriggiano@uwalumni.com, vanstep@hotmail.com or deegee40@charter.net. Watch the cityofbessemer.org website for progress updates.

Bessemer's Farmers Market . . .

Bessemer has a small Farmers Market each Saturday in the BP parking lot. Gene Munson drives all the way to Amish country to bring us some of the finest and freshest produce.

And Sylvia's homemade jams and pies are delicious! I buy all my jam for the winter from her. It is so nice to know that it is homemade!

Let's patronize the markets in our town!

Craft and Flea Market

Bessemer's Craft and Flea Market is open every Saturday from 9 to 5. Make plans soon to stop in and shop!

Bessemer's Trails Progressing

Progress is being made on new walking trails in Bessemer. We are thankful for those who are working on them to bring them to pass. We all need to walk, and how much fun it will be just to be able to walk in our own community!
