

SNOW REMOVAL AGREEMENT

This Agreement is made between the **City of Bessemer** (“City”) and the **City of Bessemer Downtown Development Authority** (“DDA”) to better serve the community. The parties hereby agree to share the costs of snow plowing along US-2 in Bessemer, Michigan (as detailed herein) beginning in 2021 (or as the sidewalks are completed as part of 2021 project), and pursuant to the following terms and conditions:

1. DDA agrees to continue its annual payments of \$3,000 to the City for snow plowing, and DDA also agrees to a “one time payment” of one-half the cost of snowplowing equipment (including any attachments) purchased by the City, up to \$25,000 in 2021 only. \$25,000 is the maximum DDA share for equipment purchase.

2. City is responsible for the sidewalk plowing as described and any maintenance costs for the snow plowing equipment. The parties understand that plowing and sanding of streets is the City’s first priority.

3. DDA will not be responsible for any other costs for snow removal other than the one-time payment and the \$3,000 annual payment.

4. In return for DDA’s financial contribution, City agrees to provide snow plowing to the following areas beginning in 2021 (or as the sidewalks are completed as part of 2021 project): 1) the sidewalk on the north side of US-2 and the south side of US-2 from Mine St. to Clayberg St. where the sidewalk exists; and 2) the sidewalks on S. Sophie St. and the south side of the 100 East block of Mary St.

5. This Agreement may be modified in writing signed by both parties.

6. This Agreement is not perpetual and unless renewed by mutual agreement, will expire at the end of the 2026-2027 winter season.
