

Request for Quotes for N Moore Sewer Repair

The City of Bessemer is looking for Quotes for a sewer repair project on N Moore St

Description

After the Father's Day Storm in 2018, the sewer line under N Moore St split. Without digging the sewer line up, the city is uncertain how big of a split. The minimum replacement is 20 feet possibly up to or exceeding 50 feet. The approximate depth is 7 feet depth to invert with PVC. A water line is in the near vicinity. The road above will need to be replaced with 12 inches of 22a gravel and 2 1.5" layers of asphalt. The asphalt patch will cover the entire width of the road. The road is 23 feet wide.

Timeline

The project needs to be completed and restored with asphalt by October 15th, 2019.

Mandatory Qualifications of the Proposer

The proposer must be a properly licensed contractor in the State of Michigan to do sewer repairs and road work.

Submission

Please submit a bid with the cost of replacement for a 20 foot repair including repaving along with a detailed cost per additional foot of sewer repair including repaving. Please submit a sealed bid to Proposals for N Moore Sewer Repair- City of Bessemer, 411 S Sophie, Bessemer, MI by Tuesday, September 3rd by 10:00. The bids will be opened and read aloud at this time.

The City Council reserves the right to reject any and all proposals submitted. The City Council will make the final selection based on evaluation of all responses, qualifications, thoroughness and pricing.

Questions

If you have any questions, call Neal Nelson at 906-667-0453

Proposer Warranties

The proposer will warrant that it will not delegate or subcontract its responsibilities under agreement without prior written permission of the City

Additionally, the proposer will warrant that all information provided by it in connection with this proposal is true and accurate to the best of its knowledge.

In the event that final work done by the successful bidder is not acceptable to the city foreman, the successful bidder shall, at its own expense, take the necessary steps to prepare and resubmit final work which will be acceptable to the foreman.
