The meeting was called to order at 10:00.

The board discussed the ADA accessible area by the stream at Bluff Valley Park. The committee discussed needing to level out the high path running into the area. They discussed a need to work with EGLE on anything involving work near the stream. Will need permits to remove concrete from the stream. The next steps are to remove the invasive species, determine if the raised area was a dumping ground or useable, and determine if a bridge raised trail is necessary through the wetland areas.

Kryshak made a motion to adjourn the meeting at 9:42. M. Zaleski seconded it and it passed unanimously.
